INTELLIGENCE ADVISORY COMMITTEE

Alerting the Highest Authorities

1. Attached is the report by the USCIB Ad Hoc Committee, which was considered at the joint meeting of USCIB and IAC members on 22 January. The attached copy of the report incorporates amendments agreed to at that meeting.

2. USCIB has approved this report and the action recommended therein; however, IAC approval should be considered tentative, pending review and telephonic concurrence by the Deputy Director for Intelligence, The Joint Staff, and the Atomic Energy Commission representative to the IAC. In the event of non-concurrence by either of these members, it is expected that this matter will be discussed further at an early IAC meeting.
